## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

Claims 1 and 21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites the limitation "the metal parts" in line 11. There is insufficient antecedent basis for this limitation in the claim. Line 2 describes "a metal part", and line 3 recites "a metal member" but there is no antecedent basis for plural metal parts.

Claim 21 also recites "the metal parts" in line 10 without antecedent basis.

### ***Allowable Subject Matter***

Claims 2 – 20 and 22 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Gore et al., U.S. Patent No. 6,105,226, discloses a leadless ceramic chip carrier.

Takahashi et al., U.S. Patent No. 6,720,845, discloses a package.

Art Unit: 2822

Horiuchi et al. discloses a surface acoustic wave apparatus.

Ikeda et al. discloses a surface acoustic wave device. As shown in Figure 3, the device comprises a semiconductor chip 25 in a ceramic package 31, described in column 3, line 35.
